\$85,000 is the goal for 2023 with your help to transform lives. Join the movement to empower the leaders in Haiti. When you invest in leaders, food and medicine you help create opportunities and transform communities.

There are 3 ways you, your church and your community can get involved:

1. **Start** a fundraiser: quick and easy ways to raise funds are bottle drives, bake sales, pie in the face, raffles, and chilli cook-offs. Get creative and pull it off with our promotional support! Use ready-made Canada Helps Peer to Peer (with stories, images, and direct links to the campaign). **Send us a note (using the QR code) to personalize to your church's needs!**

2. **Host** a #here4haiti Sunday: pray for the people and the projects. Bring the story of hope and Haiti with #here4haiti Sundays. We provide support with videos, ideas, and material to share. Get the resources at covchurch.ca/haiti4churches **Send us a note (using the QR code) to personalize to your church's needs!**

3. **Share:** share your stories and the stories of others passionate about Haiti. You can find ready-made resources to share on your own pages and in the church at covchurch.ca/haiti4churches
